

EXB-GP GENERAL PURPOSE TRENCHING BUCKET

* Attachments depicted may include optional upgrades or custom configurations.

Craig General Purpose buckets are designed for **low abrasion, medium-light impact** job sites.

- Available in **Wedge Lock, Pin-on, S Series, or Manual Bar Lock** lugging
- Comes pre-drilled for side cutters or wear shrouds
- Various ground engaging tools available to meet your specifications
- Enclosed D-Link standard
- Double-layered runner for wear protection

*For applications with special conditions (including but not limited to: frost, silica, boulders & poorly blasted material), Craig recommends choosing a bucket class one level higher than what is recommended in normal conditions.

- A 36/A 572/44W
- A 514/QT 100
- AR 400
